## VERSE 1

You framed for me a future  
I know You'll not let me forget  
Formed from a past that I used to regret

Made complex with emotion  
Filled with the very Breath of Life  
Your image in me, how could I deny

## CHORUS

I am Your creation  
Perfect by design  
We say Amen our Creator  
To all You had in mind

## VERSE 2

You author with purpose  
By faith I can see Your will at work  
All things are made good in Your time

There's nothing like this calling  
To partner with Your Redemptive Plan  
Filled with Your Power bringing Heaven to Earth

## CHORUS

I am Your creation  
Perfect by design  
We say Amen our Creator  
To all You had in mind

It's Mysterious, how miraculous  
Revealing the Divine  
So Intentional, unmistakable  
It's all by Your design
