## VERSE 1

Lead me to the garden where You speak  
The Word of life over me  
Lead me to the streams of Your peace  
Where I am renewed  
There is a river that never runs dry  
I wanna go deeper every time  
Where You remind me again and again  
Of who You are

## PRECHORUS

I could search my whole life  
But nothing compares to You  
Only You will satisfy

## CHORUS

Cause all I want is Jesus  
To be here in Your presence  
Longing for a taste of heaven  
There's nothing between us  
What a friend I've found in Jesus  
You are with me through every season  
Now I'm here no I'm never leaving  
This is Eden

### Instrumental:

## VERSE 2

Lead me to the garden where You speak  
The Word of life over me

Lead me to the streams of Your peace  
Where I am renewed  
There is a river that never runs dry  
I wanna go deeper every time  
Where You remind me again and again  
Of who You are

### PRECHORUS

I could search my whole life  
But nothing compares to You  
Only You will satisfy

### CHORUS

Cause all I want is Jesus  
To be here in Your presence

There's nothing between us  
What a friend I've found in Jesus  
You are with me through every season  
Now I'm here no I'm never leaving  
This is Eden

### BRIDGE

Better is one day with You  
Than thousands elsewhere  
Better is one day with You  
In the goodness of Your presence  
Better is one day with You  
Than thousands elsewhere  
Better is one day with You  
In the goodness of Your presence

## CHORUS

Cause all I want is Jesus  
To be here in Your presence  
Longing for a taste of heaven  
There's nothing between us  
What a friend I've found in Jesus
