CCLI: #7137777

## VERSE 1

We build, we break  
Jesus you're the same  
In joy and pain, you always remain  
I've got your promise on repeat  
Your love keeps chasing after me

## VERSE 2

There's faith, there's fear  
Jesus you are near  
We rise, we fall, the victory is yours  
I've got your promise on repeat  
Jesus I'm walking to your beat

## CHORUS

Whatever comes my way  
I know it'll be okay  
Just as long as you're here with me  
I've got everything I need  
You're still singing over me

## VAMP

Whoa, walk on  
Whoa, keep on

## BRIDGE

So get up, walk on  
We know the battle's won  
So head up, come on  
You'll see the promise come  
So get up, walk on  
We know the battle's won  
So head up, come on  
You'll see the promise come

**CHORUS 2**

Whatever comes my way  
I know it'll be okay  
Just as long as you're here with me  
I've got everything I need  
You're still singing over me
