INTRO Tell fear this is war

VERSE 1

You stormed the gates of hell
Putting death back in its place
The victory is yours
My weapons now are drawn
Hear the praises roar
Tell fear that this is war

CHORUS

Rise up, he has overcome
Stand firm, this battle is won
Stay strong, hold on to faith
Take heart, and don't be afraid

TAG Whoa, Whoa oh

BRIDGE

You disarm the enemy
Bringing shame to its knees
Fear has lost its hold on me
The cross has spoken for me
