VERSE 1 There's a calling taking over
 Just can't stall it any longer
 You have got me looking forward again
 'Cause now I'm thinking higher and higher, thinking higher

VERSE 2 Set my eyes on what's before me
 Taking hold of what I can't see
 Been held down but now I'm moving again
 Yeah, I've been under, under, but now I'm stronger

CHORUS 1 We're out here
 We're moving
 We gotta keep praying
 It's gonna get wild

CHORUS 2 Our hope's not fading
 We're not done knockin'
 We're still asking
 It's gonna get wild

 Taking hold of what I can't see

 We gotta keep praying
 It's gonna get wild
